

EMERCOM of Russia

The Ministry of the Russian Federation for Civil Defense, Emergencies and Elimination of Consequences of Natural Disasters

Dear Partners,

The Ministry of the Russian Federation for Civil Defense, Emergencies and Elimination of Consequences of Natural Disasters (Emercom of Russia) is pleased to invite you to participate in the International conference **“Security issues in implementation of economic and infrastructural projects in the Arctic”** to be held on 18-20 August 2015 in Salekhard, the capital of Yamalo-Nenets Autonomous district of the Russian Federation.

It is unique modern city, the only one in the world situated directly on the Arctic Circle.

District is currently implementing the largest investment projects of global importance, among which the leading are: modern production of liquefied natural gas on the Yamal Peninsula (the project "Yamal LNG") and the construction of Sabetta port.

The Conference participants are Arctic Council member states representatives, representatives from high level legislation, Russian State government bodies, ministries, state-private companies, scientific community, educational institutions, businesses, local government bodies and search and rescue detachments. They will discuss a wide range of issues of comprehensive security in the Arctic, including: the work of rescue forces in the North, fire protection in oil and gas industry etc.

Alongside the plenary session there will be interesting cultural program

Please send your applications, questions or concerns to the e-mail address of the Conference Secretariat: emercom-t@yandex.ru
