# 2011 Arctic Science Summit Week

The purpose of ASSW is to provide opportunities for international coordination, collaboration and cooperation in all fields of Arctic science and to combine science and management meetings. The ASSW also offers insight into Arctic research undertaken by the host country and membership countries. Side meetings organized by other groups with interests in Arctic science and policy will take place at the same time.

The ASSW in 2011 will include not only Business Meetings but also a 3-day Science Symposium. The symposium will take place from 29-31 March, 2011.
